

Passengers shall inform airport staff of weapons (ammunition) possession while checking-in for a flight. If a passenger has a number of weapons (a large quantity of ammunition), he (she) shall inform aviation security staff via phone +375 17 279-13-02 thirty minutes before the flight check-in start.

Weapons (ammunition) is accepted for air transportation in a separate passenger's package (a special case or manufactured package). Packed weapons are transported separate from packed ammunition. Weapons (ammunition) package shall be kept locked (several locks) and equipped properly for sealing in order to provide weapons (ammunition) inaccessibility to outside parties while at the airport and during the flight. **Weapons (ammunition) without package is not accepted for transportation.**

Police officers and aviation security staff accept weapons (ammunition) from passenger with drawing up an act and deliver it to a member of crew team till the end of the flight (p.50 of Instruction on aviation security control procedures of 01.03.2017 No. 4/54, affirmed by the Ministry of Transport and Communications of the Republic of Belarus and the Ministry of Internal Affairs of the Republic of Belarus). Firearms before acceptance shall be discharged by the owner i.e. a bullet shall be out of weapons bullet chamber and (or) mag (clip), connected to the weapon.
