

Self check-in terminals

Self check-in is a convenient way to save your time. Self check-in at National Airport Minsk is available for passengers of “Belavia” airlines. The terminals are located on the 3rd floor of the air terminal complex, in front of check-in desks.

You need to have:

- Passport;
- Information about booking number or ticket number;
- Airline’s loyalty card (if you have one).

Follow the instructions.

At the end you’ll receive a boarding pass.

You can check-in your baggage not later than check-in finishes (40 min before departure) at the check-in desk.
